Rare Disease Day 2020

Rare Disease Day takes place on the last day of February each year. The main objective is to raise awareness amongst the general public and decision-makers about rare diseases and their impact on patients' lives.

Rare Disease Day is a global awareness-raising campaign promoting equity for all people living with a rare disease.

Visit our website and download the #RareDiseaseDay posters and infographics from **HERE.**

Share them on social media to spread the word about Rare Disease Day on 29 February!

Europe's Beating Cancer Plan

On Feb 4th, World Cancer Day, our Executive Director Denis Costello attended the launch of that European Commission's "Europe's Beating Cancer Plan" at the European Parliament in Brussels, Belgium.

The European Commission has launched an EU-wide public consultation where you have the chance to help shape a patient-centred #EUCancerPlan that brings hope and opportunities to patients and their families affected by cancer.

The plan is open to feedback and public consultation from EU citizens and organisations via the website of the EC:

LMC France and HULL organisations' anniversaries

In February, two of our dear members, both **French and Croatian** patient organisations, have celebrated their 10th and 25th anniversaries. We are very proud of their patient advocacy work supporting CML patients in their countries, congratulations!

LMC FRANCE

Our French member LMC France, celebrating its 10th anniversary advocating for CML patients in France!
Many CML patient advocates and doctors from all regions sent them their supporting messages and photos.
Joyeux Anniversaire!

HULL CROATIA

Our Croatian member, the Hrvatska udruga leukemija i limfomi association (HULL) celebrated its 25 years at the Mimara Museum, Zagreb, with a number of distinguished guests, doctors, professors, nurses and patients.
Sretna godišnjica!
