Madagascar  
Uganda

# CML Life Africa Family

# CML Life Africa Family

# Each Journey is Unique

Patient Lushaba from Lesotho.

## 13 Years Old

The odds against him;

- Does not understand the language
- Too young to understand the disease
- Distance
- Rural area
- Crossing borders
- Physician resistance

Summary

: 26 January, 1997

Country: [South Africa](#)

~~No Hope~~

# The Bad

## Young Mother of 2 boys.

- Diagnosed 2 years ago.
- Lives in a rural community Rwanda
- 2 hour commute to clinic.
- Receives supply monthly.
- Rejected by community
- Lost her child

Quality of life?

# The Brilliant

## Young mother of 1 daughter

- Diagnosed 2 years ago
- 2<sup>nd</sup> Pregnancy
- Regular PCR and monitoring.
- Patient Support group
- Champion physician

# Challenge/ Awareness

- Infrastructure
- Stigma
- Culture perspectives
- Lack of specialized physicians
- Lack of fellowship and involvement from other patients

# Save The Date

CML Life Africa Leadership Summit 2018

17- 19 August 2018.

Group development

Advocacy impact and strategy

Share stories, share perspective,  
share vision, share energy.
